## Getting By With a Little Help From Her Friends

*This Mattapoissett Life*

**By Marilou Newell**

This isn't my story, and I hope it will never be your story, either. This is Mary's story; a story that has only just begun.

When a spouse suddenly passes away, their partner must face an empty page and rewrite their lives one chapter at a time. They have to force themselves to do the little things, the everyday things: earning a living, walking the dog, making a meal, balancing the checkbook. The new chapters are written over the course of many years, as well as in the moment-by-moment slow acceptance that the survivor must endure. Mary is looking

*Above:* Friends and neighbors help Marybeth Carlsen, who recently lost her husband Dan to a heart attack, with yard work and other chores. Marilou Newell writes about how Carlsen has stood strong in the wake of the tragedy with plenty of Tri-Town support, as well as which signs and symptoms to look out for. Photo by Marilou Newell.

*On the Cover:* With senior quarterback Nolan Bergeron – shown here rushing for one of his two touchdowns – leading the way, Old Rochester Regional beat Lee High 21-7 last weekend in its season opener. The Bulldog defense held Lee to 77 total yards. For more ORR sports news, see p. 29. Photo by Felix Perez.

at the blank pages of those chapters that she now must write. She wants to start by saying thank you.

Marybeth Carlsen is a daycare provider. We call her "our Mary" to help distinguish her from others who share the name. The years have slipped by since she took care of my granddaughter. We did not stay in regular contact. But whenever we reminisced about those first years of our little girl's life, Mary factored in as a major figure. The loving professional care Mary gave our granddaughter was a cornerstone in her early social and academic foundation.

One day recently, as I read letters to the editor in *The Wanderer*, I noticed one that was signed by a "Mary." I reread it to make sure I understood the content of the letter and who the author might be. It was from our Mary. She was thanking people who had helped her during a crisis. Mary's husband, Dan, after not feeling well for 24 hours, suffered a fatal heart attack. We were devastated for her and her daughter. All we could think about was how stunned and traumatized they must be.

In her letter, she purposefully thanked the first

responders, family and friends. As the weeks have gone by, the help has continued to flow toward Mary. There were various projects that needed completion now that Dan wouldn't be there to do them. Mary frets that she is forgetting to recognize all those whose selfless giving has pulled her through thus far. It is so important to her that everyone knows how much she appreciates them; what their giving has meant to her.

Mary's new world order has been shored up since the moment she placed that 9-1-1 call. People from the Tri-Town area have lent their time and talents to help with her load. The Rochester first responders are high on her thank you list. Her gratitude is further extended to all the people whose hands-on assistance built a new fence and dog yard for Dan's big chocolate lab Lucy, repaired the stone walls, installed A/C units, cleaned out and organized the shed, and even replaced light bulbs in the house. Putting their shoulders to these efforts were Loretta and Robert Sherman, Sadro and Robin Grignetti, Rich McCue, Katherine Kang, Jorge Figueirido, Sophie and Kevin Amfield, Mark and Kathy Savino, Tom and Jen Jones, Tammy Desnoyers and Robin Martin (who provided homemade foods). And last but not least, beside Mary were Janet and Scott Govin and their son, Bret. The Govins not only assisted with yard chores; they rented equipment and other tools that were necessary to get the job done.

While Mary got her sea legs under her, taking care of final arrangements and a myriad of details, the daycare had to remain open for the families who depend on her to care of their children while they work. Emily and Chris Savino, Bea and Alley Amfield, Geneviene and Brianna Grignetti, and Hanil and Kathy Kang all helped with the children in the daycare program. There was also Evan Costa, who helped with the daycare kids and the yard work. Some of the younger volunteers are Mary's former charges who came back willingly to help their Mary.

As I spoke to her about Dan's early symptoms, it occurred to me that I would not recognize some of the heart attack signs. We all think about chest pain and arm pain but clearly there are other warning signs we

need to be aware of. Dan's symptoms mimicked the flu: nausea and vomiting. That is what they suspected. Even though Mary's first aid training impressed upon her all the symptoms of a heart attack, she has since concluded that Dan may not have shared the full extent of his not feeling well with her. And surprisingly, shortly before Dan succumbed to the heart attack, he told Mary he was actually feeling better. With confidence, she left the house to take care of errands after making sure he had a refreshing drink at hand. When she returned, Dan was gone.

The American Heart Association's website details the following ([www.heart.org](http://www.heart.org)):

Most heart attacks start slowly, with mild pain or discomfort. The signs that can mean a heart attack is happening are:

Chest discomfort. Most heart attacks involve discomfort in the center of the chest that lasts more than a few minutes, or that goes away and comes back. It can feel like uncomfortable pressure, squeezing, fullness or pain.

Discomfort in other areas of the upper body. Symptoms can include pain or discomfort in one or both arms, the back, neck, jaw or stomach.

Shortness of breath with or without chest discomfort.

Other signs may include breaking out in a cold sweat, nausea or lightheadedness.

Hindsight is always painfully 20/20.

Unfortunately, many people ignore the signs and symptoms of heart attack. Or maybe it is simply fear. My own mother-in-law ignored her heart attack symptoms with tragic results. Mary relives those moments when maybe if she had, if Dan had, if they had considered it wasn't the flu after all ... but then she shakes her head. It is done. For those of us who know this woman, we know she is strong and won't burden others with her pain. She's built with a good dose of true grit. Bit by bit, her heart, mind and soul are adjusting to this new reality.

It is conjecture on my part, but I suspect with each day Mary resolves anew to stand tall, get busy with the work at hand, pray for strength, and call on Dan to help her get through it all. She is comforted in her belief that Dan is with their son Kyle and her Father. Our Mary – she'll be all right, but forever changed. She'll get by with a little help from her friends, and Mary has plenty of them in the Tri-Town.

## **All About Birds in Mattapoissett**

**By Joan Hartnett-Barry**

Mike McCarthy first picked up a carving tool at a Boy Scout meeting when he was 12 years old. Next year, he'll celebrate 20 years of self-employment as a woodcarver, specializing in shore birds.

"I started whittling neckerchief slides and walking sticks," McCarthy said. "The 'aha' moment happened when my family and I were camping in Maine and I went looking for a book to read. At a used book store, I picked up a book on antique shore bird decoys and saw the work done by Elmer Crowel and knew right away that that was what I wanted to do."

A. Elmer Crowel, from East Harwich, is considered the master duck decoy carver in the

woodworking field. He lived from 1862 to 1952. His work can be viewed locally at Plimoth Plantation. In 2011, one of his preening pintail drakes sold at auction for \$1.13 million.

"In 1994, I quit my job, because I was making more money carving than at my job," McCarthy said. He describes his carving style as "old American folk." His creations, primarily shore birds, come in three sizes: small, medium and large. The small birds include little sandpipers, spotted sandpipers, solitary sandpipers, sanderlings, least sandpipers and red knots. Medium birds include dowitchers, yellowlegs, willets, plovers, piping plovers, blackbellied plovers and golden plovers. Larger birds include the snowy egrets, little green herons, great blue herons, great white egrets, yellow crowned herons and black crowned herons.

McCarthy travels most of the year on weekends selling his creations at craft fairs and festivals including Harbor Days in Mattapoisett and Arts in the Park in Marion. He brings his tools and sets up a workbench, which draws people over to ask questions about his work and birds.

"I'm usually the only person in a booth that is working while at the event," he said.

After talking to hundreds of people each weekend, he retreats back to his workshop and enjoys a peaceful and quiet week. His tidy workshop has a woodstove and a small bed for his dog, who sits or sleeps

while he carves. Shelves and shelves of birds and a pile of driftwood line one side of the shop.

In mid-December, McCarthy stops traveling and begins a new year by thinking about new creations, focusing on habitat, or where the bird is standing, sleeping, eating or hunting.

A look around his workshop shows beautiful finished birds that look lifelike and other birds in various stages of work. A pretty puffin stands out among the muted colors of the birds. One of his herons has a lifelike fish in its beak. Others stand on driftwood in various positions. In another piece, one bird sleeps while the other keeps watch.

## SRPEDD Will Help With Planning

*Rochester Board of Selectmen*

**By Shawn Badgley**

The Rochester Board of Selectmen voted on Tuesday to authorize Town Administrator Richard LaCamera to enter into a contract with the Southeastern Regional Planning & Economic District, opening the door for the organization to provide planning services to the town in the wake of John Charbonneau's departure.

Charbonneau, who had worked as part-time planner for Rochester and Wareham, recently accepted a full-time position in Raynham.

Board of Selectmen Chairman Naida Parker said that SRPEDD will charge the town for planning consultation, but that upward of the first 40 hours would be free. In addition, Parker said, grants and other funding could pay for more.

Arnold Johnson recently met with SRPEDD Executive Director Steve Smith.

Selectman Bradford Morse said that there is no timetable for a permanent replacement for Charbonneau, and that the arrangement with SRPEDD will "buy us time." Morse added that sharing a planner with Wareham – which Parker called "informal regionalization" – has worked well for Rochester.

Elsewhere on the agenda, the Selectmen signed off on annual renewal of the "Dog Warrant," giving the Rochester Police Department greater enforcement powers against residents with unlicensed dogs. Parker estimated that there are as many as 100 to 200 unlicensed dogs in the town, and that while Animal Control's enforcement ability is limited, the police can "take whatever legal action necessary."

The next Board of Selectmen meeting is scheduled for September 23 – when there will be more discussion of dogs during a public hearing – with future meetings taking place on October 7 and October 21.

After much discussion, the 11 warrant items were approved with some minor adjustments and requests to Town Administrator Paul Dawson for additional information regarding several items. Article 4, addressing the loss of the town's ability to operate an ambulance operation, dominated the discussion.

Articles 1 through 3 involve requests from the Community Preservation and an Open Space Acquisition item.

The fourth generated a vigorous discussion, which included input from Allan Minard of the Finance Committee. At issue is the fact that the town will lose its license to run an ambulance service after early November due to not meeting state regulations regarding its

operation. The question, to be posed at Town Meeting, is whether to hire an outside firm to run the ambulance service at an undetermined cost or do it in house by the Fire Department and EMS at a cost to be borne by town, which would raise taxes.

Minard spoke and said that this quickly approaching deadline left little room to explore the options. Minard said that he and the Finance Committee had little time to discuss and explore the issue due to lack of communication with the Fire Department/EMS, Town Administrator and the Board of Selectmen.

Selectman Dickerson noted that an ambulance was always on call at the Sippican Health Care Center, and perhaps a deal could be made with that vendor. Another option offered was to hire personnel who would be not eligible for health or vacation benefits, thus reducing the cost to the town. Both Dickerson and Steve Cushing struggled with the massive question before them.

Dickerson asked Paul Dawson to gather quotes for an outside service to run the town's ambulance service.

In addition to the warrant discussion, the Board approved two appointments to boards. Jeff Doubrava is a new member of the Marion Conservation Commission, and Kristen Saint Don-Campbell was appointed to the Marion Cultural Council.

In other business, the Board voted and gave Dawson the approval to sign the contract with CDM-

### Phragmites Again Top Agenda

*Mattapoisett Conservation Commission*

**By Marilou Newell**

The Mattapoisett Conservation Commission revisited the issue of how best to deal with invasive phragmite as it slowly but certainly overtakes property situated at 112 Aucoot Road, owned by Jay and Julie Duker. With their engineer David Davignon, the applicant came before the Commission to receive approval for the removal of phragmite, sand dune development and barrier beach nourishment.

After lengthy discussions with Davignon and Duker, during which Commissioners Bob Rogers, Tom Copps and Chairman Peter Newton debated various methods and possible compromises to the submitted request, a viable plan was outlined.

To ensure the jurisdictional resource, the salt marsh, would not be compromised by outsourced sand and other off site materials, the Commission agreed to allow sands that have migrated into the marsh be removed and returned to the barrier beach and/or the

## Animal Advice

Jay Gould, DVM

### RABIES

*My neighbor and I were talking about our indoor only cats. When I asked who her vet was she said that she had never taken her cat to the vet. She said that the cat needed no shots because it never went outside. Is this correct?*

Unfortunately, no, this is neither correct nor a rare opinion. Indoor cats need vet care as much as outdoor cats. Vaccination for Rabies is a legal requirement as well as a good idea, at the very least. Rabid raccoons are common and do get into houses and indoor only cats sometimes end up outdoors. Thus, the cats' health and the health of the family may be endangered.

Your neighbor is also thinking of vets as emergency personnel. Much of our job is to prevent illness and suffering. Animal visits are geared towards making sure that the pet is indeed happy and comfortable. Dental disease, and the pain that goes with it, obesity and other problems are extremely common in indoor only cats.

dune that will be built up to help protect the beach. The dune would be planted with native beach grasses. They also voted to allow the removal of phragmites with the caveat that these plants are very hard to completely remove and may return. They conditioned the work so that no offsite material will be allowed during the project.

The night's agenda also included a request by Anna Simon of 2 Shore Street to build a new shed. An existing shed that had not been previously permitted was not part of the work the Commission was required to review. The building department will be visiting that issue at a later date. The request was approved with the condition that the shed will be tied down to ensure that it won't damage surrounding spaces and structures during storms.

David Nicolosi was again before the Commission to discuss the roadwork and wetlands crossing he needs for property located off of Fairhaven Road near Deerfield Road (Assessor's map #21, lots # 33, 34, and 42B). Nicolosi must cross an intermittent stream and plans on using precast concrete bridge structures to do so. There

were questions regarding the proper calculations for drainage and storm water runoff, which Commission member Bob Rogers offered to discuss with Nicolosi's engineer. Nicolosi's request to Natural Heritage regarding compensatory mitigation plans has been accepted and was shared with the Commission.

The Natural Heritage & Endangered Species Program (NHESP), part of the Massachusetts Division of Fisheries and Wildlife, is one of the programs forming the Natural Heritage Network. NHESP is responsible for the conservation and protection of hundreds of species that are not hunted, fished, trapped or commercially harvested in the state. The Program's highest priority is protecting the vertebrate and invertebrate animals and native plants that are officially listed as Endangered, Threatened or of Special Concern in Massachusetts.

Nicolosi will purchase land to offset disturbances caused by subdivision of his property. The Commission granted another extension for this phase of his projected site development. When he returns, he will have recalculations of drainage, construction sequencing plans and 100-year flood data for review.

In other business: ratification of enforcement order for Leisure Shores Marina; the Conservation Agent's report; and a vote to move the October 14 meeting, which falls on Columbus Day, to October 16.

## Kindergarten Enrollment Up in Marion

*Marion School Committee*

**By Joan Hartnett-Barry**

A third classroom of kindergartners was formed when the estimated 35 students jumped to 47 by August 23 for Sippican Elementary School. School started on August 27. Principal Evelyn Rivet discussed the details at Wednesday's School Committee meeting.

Two classes were originally planned, but a third was needed with the hiring of a permanent substitute.

"A decision was made to split the two classes and create a third section," Rivet said. Funding for the position will come from the difference between the new hires and a paraprofessional leave of absence, with an approximate \$5,000 needing to be absorbed from other

areas of the budget yet to be determined.

In addition, five new teachers were hired for the new school year, and one transferred from another area to a teaching position.

Superintendent Doug White and Dr. Elise Frangos discussed the strategic planning development event coming up on September 19 and 21. The event on September 21 will involve focus groups consisting of members of the community, especially older adults who will be asked questions about how they see the future playing out in the school district and what challenges lay ahead.

Anyone interested in participating can visit [www.oldrochester.org](http://www.oldrochester.org) and sign up. More than 100 people have signed up so far.

The questions ask residents what they feel are the key elements that will need to be in place in order for the district to continue to provide a high-quality educational program over the next five years. Another question asks what the resident sees as the major challenges that the district will face as it strives to attain these goals.

The overall program is administrated by the New England School Development Council of Marlborough and will be facilitated by consultants John Kennedy and Marge Clark.

Prior to the meeting, Committee members were taken on a tour of the school by Facility Director Gene Jones, who updated the members on recent improvements and equipment that will need attention in the future.

Caitlin Meager, Director of Food Services, reported an approximate surplus of \$4,500 from last year. The Committee discussed putting it in a fund, in the budget, for future repair of equipment in the cafeteria. Meager said that a second hot lunch option will be offered this year to students.

A discussion followed regarding arrears in payment for school lunch. No child is ever denied lunch, regardless of the financial situation. The Committee discussed creating a policy on how to handle the situation. The policy subcommittee will discuss it and come up with a recommendation at their next meeting. White said the new policy should be applied district-wide.

Jones reported that all fire fighting systems were inspected and tested this summer. Systems included the kitchen fire suppression system, fire sprinkler, kitchen hoods and stationary fire extinguishers. Ten windows in the 1954 wing were replaced. New security cameras in the main foyer were installed and tested. The security vestibule in the main entrance was completed with a locking sliding window for the office.

The Committee reviewed and approved a donation from Kindergarten parents to donate two cherry trees to the school in honor of Suzanne White, a recent retiree and former first grade teacher. Also approved was a donation of \$230 to Project Grow from Anne Burnett, author of *Step Ahead of Autism*.

### Help Wanted: Old Hammondtown Principal

*Mattapoisett School Committee*

**By Shawn Badgley**

Mattapoisett School Committee members discussed the Old Rochester Regional School District's second opening for the position of principal in the past three months, as Old Hammondtown School's Matt D'Andrea will become the next Assistant Superintendent of the Martha's Vineyard School District starting in November.

Moira Rodgers resigned as principal of Rochester Memorial School in May, and was soon succeeded by Derek Medeiros.

ORR School District Superintendent Doug White offered the Mattapoisett School Committee his outlook on the process to replace D'Andrea, 49, who has led Old Hammondtown for five years.

"My recommendation would be that we look at hiring someone on an interim basis," said White, who will ultimately appoint the school's next principal. "The primary issue is the candidate pool: When you try to fill a position in the beginning of a school year or first half, a lot of people are already committed to their contracts, limiting the possibility for candidates who can pursue opportunities like

this."

White added that the district could re-evaluate its options at a later date.

"This would give us the chance to look at what direction we'd like to go in after fiscal year 14," he said.

Mattapoisett School Committee member Charles Motta suggested that the district look into interviewing candidates who applied for the RMS principal position.

In other personnel news, the Mattapoisett School Committee voted to install Patrick LeClair as Vice-Chairman, replacing Gracinda Knox, who recently resigned from the Committee. LeClair will also join the policy subcommittee.

The Committee will seek to fill the vacancy left by Knox's departure.

Elsewhere on the agenda, the Committee approved a transfer of about \$4,000 from its revolving account to its operating account to help bolster its Full-Day Kindergarten budget.

The Mattapoisett School Committee is scheduled to next meet on October 21.

School in Fiscal Year 2014, the Rochester School Committee issued a blistering response to recent criticism from the Board of Selectmen about the district's budget.

Chairman Michelle Cusolito read from an "Open Letter to the Residents of Rochester" that she wrote on behalf of the Rochester School Committee. In it, Cusolito chided the Selectmen for "continu[ing] to disrespect our committee by discussing school business at BoS meetings and airing complaints through the press instead of talking to us directly. Since the BoS has no authority over the school department, we contend that discussing school business at a BoS meeting, especially when no school officials or School Committee members are present, is inappropriate."

Cusolito referred specifically to Selectman Richard Nunes, who blasted the Old Rochester Regional School District's budgetary practices and RMS's decision to fund a tuition-free full-day Kindergarten – which he called “disturbing and shocking” – at a June 17 meeting.

“If we had required an additional funding sources for tuition-free Kindergarten, we would have spoken to town officials,” Cusolito wrote. “The fact is that we are able to fund the program within the budget already approved at town meeting. Therefore, Mr. Nunes’ stated concern that the kindergarten change was not brought before the town FinCom or Town Administrator to determine a funding source is irrelevant.”

Cusolito addressed the concerns of Nunes and others at Town Hall about the Rochester School Committee's transparency.

“Our discussion about full-day Kindergarten happened over a period of months, always in open meetings,” she wrote. “We will continue to work with town officials to create a mutually respectful environment that will best serve all of the citizens of Rochester. Members of the Board of Selectmen, like all members of the public, are encouraged to attend School Committee meetings, especially if there is an issue that should be brought to our attention. Meetings are held at Town Hall on the first Thursday of each month at 6:30 pm.”

Later in the meeting, ORR School District Superintendent Doug White, also a target of criticism

from Nunes, told members that the District would continue to provide all documentation – including contracts, invoices, purchase orders and reports – to Rochester and its residents by standard practice or upon request.

Elsewhere on the agenda, the Rochester School Committee approved intra-budget transfers totaling \$76,733 to help fund tuition-free full-day Kindergarten. In addition, White announced that the District and Committee would have to monitor a roughly \$17,000 spike in the transportation budget, as Rochester's responsibility for its students at Bristol County Agricultural High School would include the need for an upgrade from a van to a bus. Students from Rochester who study at Bristol are funded via the RMS budget.

Member Sharon Hartley initiated a discussion about charging the YMCA a building-use fee for its afterschool programs taking place at RMS. Currently, YMCA pays nothing to Rochester for use of its facilities, while such towns as Marion receive significant fees, according to White. Hartley said that it is only fair Rochester receive payment, as well.

Most members agreed, and White told them he would begin exploring a solution.

As its current agenda drew to a close, the Rochester School Committee charted out those big-ticket items that could potentially be included on upcoming ones:

November/December: MCAS results; January: Initial Budget Review; January/June: School Lunch Statement; February: Approval of Chairman's Annual Report, Interim Report on School Committee progress toward goals, Approval of School Calendar, Budget Approval (public hearings); May/June: School Committee Reorganization; May: School Choice Public Hearing, Internet Safety Public Hearing, Administrator Contracts; June: Approval of new School Committee goals.

But the school year has only just begun. The Committee also congratulated new RMS Principal Derek Medeiros for his first week on the job. Reports from students have been positive, said several members, as well as parents in the meeting audience.

## Delayed Start Invigorates ORR

*ORR Update*

**By Renae Reints**

This year, Old Rochester Regional High School is piloting a new schedule in which twice a month, the school day will start an hour later. These two delayed start days are intended for collaborative teacher planning time. Last Thursday, September 5, was ORR's first delayed start day.

The new schedule seemed to result in all-around positivity. Lindsay Tallman, a teacher in the social studies department, said she found the delayed start "extremely helpful." Never before given time to work together during the school day, the history teachers used to attempt to collaborate between classes, during the six-minute passing time. With the delayed start, they have sufficient time to "effectively plan" their teaching. Thus Tallman, like other teachers, is not worried about missing class time due to the delayed start. The idea is that more effective planning will only lead to more efficient class time.

During this first planning time, teachers in all departments focused on creating common goals for the

year, in order to align with the upcoming new teacher evaluation system. These goals materialized into a common essay rubric, teaching plans or assignments for the students.

Mary Cabral, a teacher in the science department, said that she found it helpful to set "individual goals for student learning and professional practice" during the planning time. This being her 21st year at ORR, Cabral has seen a lot of changes. She said "time will tell" if the new scheduling becomes permanent. This being a pilot program, the School Committee will re-evaluate the progress come January and then decide if the delayed start will continue.

Randy Allain, a teacher in the English

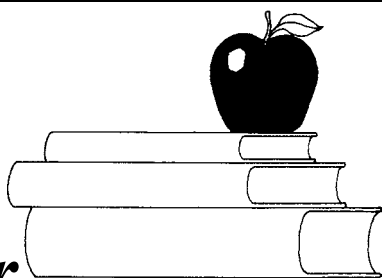

department, is hopeful that the planning time will continue. He felt the delayed start provides excellent time for the teachers to "organize themselves." Allain is looking forward to future planning times so that the teachers can share the strengths and weaknesses of their lesson plans.

Not only was the delayed start popular among the teachers, but among the students as well. Most were simply thrilled just to have an extra hour of sleep, as students are encouraged to arrive at homeroom by 8:30 am instead of the usual 7:30 am. However, some rely on the bus system or cannot accommodate their schedules for the delayed start. These students are permitted to arrive at school at the normal time and report to the library, cafeteria or auditorium for supervision.

Abby Bentz, a junior at ORR, felt this time "could be more productive for students." For example, Bentz treated her hour in the morning as an extra study. "They could make it more academic, since we're losing class time," she suggested. However, she did feel the delayed start was helpful overall.

The hour of planning time was productive for at least one group of students – those of the National Honor Society. NHS took advantage of the delayed start to hold their meeting at a time that would not have any other scheduling conflicts. At the meeting, students discussed a possible future freshman/senior buddy meeting, community service activities for the year and an

after-school tutoring program.

The tutoring program, which started September 10, is for all students needing help in any subject. The tutors are members of NHS. Leah Thomas, a senior at ORR and President of NHS, hopes the tutoring will help both the students and the student tutors. The students will be learning academically, while the tutors will be learning values such as patience and community service.

Other clubs are also kicking off at ORR. AFS club, debate team, student council and math team have all began their weekly meetings. Drama club held their auditions for this fall's production of "A Christmas Carol" last week and have begun rehearsal. Between teachers planning and all these extra-curricular activities, life is bustling at ORR.

**Lexi Afonso** each pitched in with one goal apiece. Later in the week, the girls faced conference rival Apponequet. The SCC title is likely to come down to Apponequet and ORR, so this game was one of high intensity. After an Apponequet goal in the first three minutes, senior captain **Morgan DaSilva** equalized the game in the seventh minute. The game would end up as a 1-1 tie.

**Golf:** The golf team had three matches this meet, and they won all three with impressive scores. One of their best matches came against Wareham, where they won 154-86. Juniors **Jackson Mitchell** and **Riley Sherman** each shot 5 over pars (40), and **Kyle Sherman** rounded out the top three Bulldogs with a 7 over par (42).

**Boys' Soccer:** The Bulldogs got off to a slightly disappointing start to their season. In their first game against Case High School, the boys tied 2-2, with the two goals credited to senior **Robby Magee** and freshman **Mason DaSilva**. In their next game against Apponequet, the boys lost in a hard fought game, 1-0. However, as the young team gains more experience, their record should improve.

**Football:** The highly anticipated start of the Bulldog football season did not disappoint, as the boys came out on top against Lee High School with a score of 21-7. Senior **Nolan Bergeron** led the way with two rushing touchdowns, and running back **Colin Knapton** scored on a 9-yard run to lead the Bulldogs to victory. The Bulldogs defense was also to be praised, as **Kyle Henry**, **Tyler Zell**, **Hunter Cooney** and **Morgan Collings** all contributed to task of limiting Lee High's team to a mere 77 total yards.

**Volleyball:** The girls' volleyball team, led by seniors **Curran Desjardins** and **Juliana Nicolosi**, failed to win their home opener against Apponequet, where they lost in three hard-fought sets. This team, which only

**Field Hockey:** The team, led by Coach Polly Lawrence, got off to a strong start, winning both of their conference games and losing once to a non-conference team. Against Bourne, the Lady Bulldogs won 3-0, with goals from juniors **Darby Nolet**, **Devyn O'Connor** and **Kasey Baltz**. Against conference rival Dighton Rehoboth, the girls won 1-0, with the lone goal coming from captain **Carly Pelissier**. Although the girls lost to non-conference team New Bedford later in the week, they remain undefeated in the SCC, and they play their toughest opponent, Apponequet, on Friday.

and Tyler Kelly and goaltender Thomas Galavotti made some nice saves to help secure the win.

**Pee Wee Warriors:** The Gateway Youth Hockey Pee Wee 2 "Warriors" opened the season with a hard-fought team-victory over the Lower Cape Coyotes in Orleans on Saturday. Both teams skated to a scoreless stalemate in the first frame, as Steven Strachan was perfect between the pipes. Strachan's flawless goaltending allowed his teammates the time they needed to regain their skating legs. Eventually, it was Dan Flynn who provided a spark in the second period, netting back-to-back goals that appeared to ignite an inferno under his teammates! Though the Coyotes were able to make things close on the scoreboard, the Warriors dominated much of the play, keeping the Coyote goalie busy defending against their offensive onslaught. The DeMoranville brothers went Ben to Jake for what would be the game winner, while Robert Ramsay added some insurance as he rang a breakaway wrist-shot off the iron and in. The defensive pairing of Noah DeMoranville and Jared Westgate finished the game as a +5, making the most of their time on the ice by contributing to their team's three-zone dominance.

**Midgets:** The Gateway Youth Hockey Midget team opened their season Saturday night in Orleans with a 2-2 tie game. First period action consisted of many solid shots on the Gateway goal tender, Chase Cunningham, who denied all but one, making many superb saves for the night. Late in the first period, one goal slipped past, giving Orleans the lead in the game. Second period, Doug Breault scored on a breakaway to tie it up for Gateway, but that goal was answered by Orleans. In the third period, Ian Dumas replaced Cunningham in net, also making some key saves to keep the game within one point. After some great puck handling and drive, Josh Wood was able to skate it down and put one in for Gateway to tie it up, 2-2. Coached by Ben Hathaway, this is the first Midget team for Gateway since the league reformed several years ago.

### Marion Council on Aging

On **September 19**, from 10:00 to 11:00 am, please join us for a strategic Planning Workshop at the Marion Police Station. Refreshments will be served. Your input is very important as the collective perspectives of our school communities will set the course for the direction and vision of our schools for the next five years. The topics being discussed are as follows:

1. As the Old Rochester Regional & Massachusetts

Superintendency #55 School Districts move forward over the next five years, what do you feel are the key elements/ components that will need to be in place in order for the districts to continue to provide a high-quality educational program?

2. What are the major challenges that you believe the districts will face as it strives to attain these goals?

If you have questions about this process, please call Dr. Elise Frangos, Assistant Superintendent, at 508-758-2772, ext. 1963.

The COA will be collaborating with the Elizabeth Taber Library to provide delivery of books to home bound residents. Please call the library to discuss which books you would like delivered.

The second Thursday of the month, residents may schedule an appointment with a representative from the MASS Bay Law Associates to discuss basic legal advice about various elder law issues. They will also assist with the completion of simple legal documents, such as health care proxies. You must call the COA to schedule an appointment.

### Mattapoisett Road Race Scholarships

The Mattapoisett Road Race Committee chaired by Bill Tilden recently met to evaluate the 2013 4th of July race and to begin planning for next year! The highlights of

this year's event included lightweight t-shirts for runners and the Harpoon Harmonizers starting the day with the "Star Spangled Banner." More than 20 states were represented that had 1,150 registered runners. Our oldest runner was 84 years old and the youngest 7 years old!

This year, the Committee was able to give 11 awards of \$1,500 to graduating seniors at ORR who are engaged in running. Recipients are **Hannah Welsh** of Rochester, **Alexandra Saccone**, **Luke Mattar**, **Megan Bell** and **Nick Pacheco** of Marion and **Abigail Hiller**, **Fredric Murolo**, **Alex Milde**, **Janice Weldon** and **Brian Tranfaglia** of Mattapoisett.

Every year, spectators have been a huge component of the Race with their cheering, decorations, playing of music and displaying of road race t-shirts. The honor of the "most spirited site" this year belongs to the **Mark and Terry Dall** of 16 North Street!

A true community effort is always in full force 4th July and we thank you! We all look forward to another successful race in 2014! Like us on Facebook: Mattapoisett Road Race.

### Strategic Plan Process Update

Stakeholders, citizens and staff members from all of our communities are cordially invited to be a part of the Old Rochester Regional & Massachusetts Superintendency #55 School Districts Strategic Plan development which will take place in mid-September. Your input is very important as the collective perspectives of our school communities will set the course for the direction and vision of our schools for the next five years. We have hired John Kennedy to help guide our process. Kennedy is from the New England School Development Council (NESDEC) whose organizational purpose is to help school districts plan, research and allocate resources strategically to meet student needs.

Community members can elect to be a part of the Strategic planning process by emailing Diana Russo at drusso@orr.mec.edu.

The process that the districts will follow in developing the plan is to first gather information about the schools from **September 19** focus groups with

student leaders and from senior citizens at each of our Councils for Aging, as well as from multiple data sources. A Strategic Planning Workshop will convene Thursday evening September 19 from 6:00 to 8:00 pm in the ORR cafeteria. At this workshop, the Strategic Planning Steering Committee will meet and our NESDEC consultant will present a profile of the present state of the districts. Lastly, those electing to be part of this process will have the opportunity to take part in a participant-chosen focus group on **September 21**. Steering Committee members will be a part of focus groups. The focus group times are as follows:

Focus Group Sessions: 8:30-9:30 am, Focus Group Session #1 and Focus Group Session #2; 9:45-10:45 am, Focus Group Session #3 and Focus Group Session #4; 11:00 am-12:00 pm, Focus Group Session #5 and Focus Group Session #6.

A NESDEC Team consultant will facilitate each of the Focus Group Sessions. During each Session, stakeholders will be asked to respond to the following prompts:

1. As the Old Rochester Regional & Massachusetts Superintendency #55 School Districts move forward over the next five years, what do you feel are the key elements/components that will need to be in place in order for the districts to continue to provide a high quality educational program?

2. What are the major challenges that you believe the districts will face as it strives to attain these goals?

On Saturday afternoon after the focus groups have been completed, the results of these groups as well as the input from senior citizens and students will be recorded and utilized by the Steering Committee when developing four to five district strategic planning goals.

The School Administrative team will complete the detail work of developing the strategies to implement the 4 to 5 goals, outline who is responsible for implementation, as well as the implementation timeline and fiscal impact of each goal.

If you have questions about this process, please call Dr. Elise Frangos, Assistant Superintendent, at 508-758-2772, ext. 1963.

### Every Doll Needs a Mailbox!

If you are wondering what your elementary age student will be doing after school on the early release day scheduled for **September 25**, problem solved. Library volunteer Jeanne McCullough is offering a free doll craft workshop at the Mattapoisett Free Public Library at 1:00 pm. Participants (grade 2 and up) will be making doll mailboxes and can even make doll mail to send and share. All the supplies will be provided. (If younger children wish to participate, an adult needs to stay to assist them with the project.) The workshop size is limited to 15 participants, so sign up early by stopping in the children's room or emailing Children's Librarian Linda Burke at lburke@sailsinc.org. Be sure to include the participant's name, age, and the name and email or telephone number for the adult contact. The library is located at 7 Barstow Street.

### Fall Story Times at the Taber Library

It is never too soon to share the wonderful world of literature with children!

**Tales for Twos**, a nine-week series of storytimes for children between the ages of 24 and 39 months, begins **October 2** at the Elizabeth Taber Library. The half-hour session of stories, finger plays and crafts will take place on Wednesday mornings at 10:30 am. Children must be two years old by October 1 to attend and must be accompanied by enthusiastic adult companions.

**Autumn Storytime**, for children between the ages of three and five, begins **September 30** in the Children's Room at the Elizabeth Taber Library. Children are invited to enjoy stories, finger plays and crafts on Monday mornings at 10:30 am. Autumn Storytime continues through November 25.

**Lapsit Time** is a nine-week series exploring language and literature through rhythm and rhyme, finger plays and action games, and very simple stories and books for very young children (birth through 23 months) accompanied by their enthusiastic adult companions (one child per lap, please!). Each program will last about 20 minutes, with time for parents and children to enjoy one another's company and the library's resources afterwards. The series will be held Tuesday mornings at 10:30 am from **October 1** through November 26.

Registration is required. Stop by the library located at 8 Spring Street, call 508-748-1252, or email Rosemary Grey, Children's Librarian, at rgrey@sailsinc.org. Information about library programs is also available on the library's website at [www.elizabethtaberlibrary.org](http://www.elizabethtaberlibrary.org).

### New Bedford Youth Ballet Auditions

## Obituaries:

**Marie Fernande (Cournoyer) Tully**, 86, of Fairhaven died Saturday August 24, 2013 at Sippican Health Care Center. Born January 21, 1927 in Southbridge, MA, she was the only child of Albert and Maria Cournoyer. She was the wife of the late George F. Tully, and mother of the late Jeffrey A. Tully. She leaves her son Philip J. Tully and his wife Barbara A. of Mattapoisett and grandsons Brendan G. Tully of Brooklyn, NY and Colin J. Tully of Atlanta, GA.

She was born and raised in Southbridge and moved to Connecticut upon her marriage to George Tully, a U.S. Army veteran, on May 26, 1945. She worked in retail clothing sales for many years and in an accomplishment uncommon at the time, set up and managed a new store in Newington for a major retailer. She enjoyed traveling to New York City to order the "spring line" of clothing every year. In her second career, she managed the billing office of a radiology group practice at

Hartford Hospital.

Upon her husband's retirement, together they moved to Cape Cod where she loved to entertain her young grandchildren on Aunt Edie's Pond. After her husband's passing, she moved to Fairhaven to be closer to her son and his family.

Marie, Fern, Mom, Memere. Different names used by many people over the years, all reflecting upon a woman of great conversation, limitless compassion and unshakable love for her family. Her earthly trials are now over, may God grant her the everlasting peace she so richly deserves.

Marie's family would like to extend a special thank you to the compassionate and caring staff at Sippican Health Care Center.

In accordance with her wishes she was cremated. A Mass of Christian Burial with her cremains present will take place at St. Anthony's Church, Mattapoisett on Friday, September 20th at 11:00 AM. Arrangements are by the Saunders-Dwyer Mattapoisett Home for Funerals, 50 County Rd., Route 6, Mattapoisett. For online condolence book, please visit [www.saundersdwyer.com](http://www.saundersdwyer.com).

# MOVIE REVIEW

## Pitch Back

By Rob Gonsalves  
www.robsmovievault.com

**Riddick.** Starring Vin Diesel and Jordi Molla. Directed by David Twohy. Running time: 118 minutes. MPAA rating: R.

The anti-hero Riddick, subject of three movies, an animated short, and numerous video games, is probably best suited to animated shorts and video games. I haven't played the games, but I did enjoy *Dark Fury*, the 35-minute toon that served as a bridge between 2000's *Pitch Black* and 2004's *The Chronicles of Riddick*. Like Conan the barbarian, Riddick is a surly loner and killer who gets pulled into adventures wherever he travels. As played by Vin Diesel, Riddick is also a cold cod whose purpose in life seems to be avoidance. He's always being pursued — by mercenaries, by Necromongers, by slithery creatures. His function is to send his pursuers abruptly to the next life and then swagger onward. Such a character might fare nicely on a weekly animated series for young adults (or in a monthly comic book, where Conan has thrived on and off for decades), but he doesn't hold a live-action film together very strongly.

The title of Riddick's new adventure, just straight-up *Riddick*, is likely meant to signify a new simplicity, or, rather, a throwback to the old simplicity of *Pitch Black*. After all, *The Chronicles of Riddick* was a cluttered and garish thing, with respected actors like poor Judi Dench nattering on about Necromongers or the Underverse while Vin Diesel scowled in the shadows, his silver corneae glowing like the eyes of a sullen cat. *Riddick* dispenses with the reheated fantasy elements of its predecessor and takes Riddick back to gritty sci-fi, pitting him against phallic, venomous critters and then against two competing bands of mercenaries. Along the way he raises a dingo-like puppy, and if you remember what generally happens to people or animals Riddick grows to care about, you'll know not to get attached to the dingo-like puppy.

*Riddick* is leaner and meaner than *Chronicles*, but that doesn't necessarily translate as "more fun." Once again, as in *Pitch Black*, Riddick defends himself — and, incidentally, the motley group he happens to be thrown in with — from monsters. It feels pointless; by the end,

Riddick is better off than he was at the start, but nothing in particular has happened to change his character. He's the same growly deep-bass sociopath he was in *Pitch Black* thirteen years ago. At least in *Dark Fury* and *Chronicles* he had an androgynous girl, grown up to be a bitter woman warrior, to care about and to worry that she might end up like him. *Riddick* seems like a side adventure, and the events of the previous movie are blown off in a flashback that puts Riddick back at square one. We feel like idiots for having been asked to invest in the events of *Chronicles* and in the idea that Riddick had been elevated to a position of importance.

Diesel and series creator/director David Twohy were adamant that *Riddick*, like *Pitch Black*, carry an R rating, which allows for a bit of gore and a peekaboo scene that's so baldly there for fans of *Battlestar Galactica*'s Katee Sackhoff that all I could think about was *Big Bang Theory*'s Howard Wolowitz (who fantasized about tubbing with Sackhoff in an episode) wearing out the Blu-ray when it arrived at his home. Sackhoff plays a nerdboy's idea of a lesbian, a tough chick who beats the crap out of men; her name is Dahl, which phonetically means every guy in the movie appears to be calling her "doll," and that's essentially what she is. Aside from Riddick — who spends much of the middle third of the film ominously offscreen — the character who gets the most screen time is Santana (Jordi Molla), the scruffy leader of one of the merc teams. Santana is a jerk but at least has some personality; nobody else does.

Vin Diesel, an unabashed fantasy/sci-fi geek, keeps trying to make genre franchises happen. *Babylon AD* didn't work for him, and the Riddick series has proceeded in fits and starts — it's been nearly a decade since the last film, and Diesel, who turned 46 this summer, is very much not getting any younger. He puts a lot of physical effort into these meathead movies he does (*Furious 6*, for the record, was much more fun), and there's a valid question as to how much longer he can continue to do so. Diesel started off promisingly — I urge you to seek out his 1994 short film *Multi-Facial* on YouTube so you won't think I'm insane when I say he's really a good actor — but he got sidetracked into dumb Saturday-night blockbusters for teens, and he perhaps needs to stop working out (and stop listening to his agent) and do some genuine acting again. *Riddick*, which by all indications will be a box-office disappointment, may put the kibosh on at least one going concern that has kept Diesel in lucrative stasis.

### Amy Johannessen Memorial Blood Drive

There will be a blood drive in memory of Amy Johannessen on Saturday, **September 14** from 9:00 am to 2:00 pm. The Rhode Island Blood Center will have their mobile van on the premises at 154 Huttteston Avenue, Fairhaven.

Blood donation is considered the gift of life, and since Amy received hundreds of units of this life-giving gift during her four-and-a-half-year battle with leukemia, we thought it appropriate to host a blood drive to honor her life and celebrate her September birthday. Blood donation helps many people. It helps those suffering from catastrophic illnesses, medical surgeries and life threatening accidents. Please consider giving this life-giving gift!

# TriTOWN HAPPENINGS

Scores of Rochester Memorial School students, staff, and parents – as well as ORR School District Superintendent Doug White – gathered to celebrate the official opening of their new playground on Monday, constructed last month by volunteers. “It took a village to get this done,” said faculty member Craig Davignon during the festivities. “It’s proud day for our entire community.” New principal Derek Medeiros spoke, as well. Elementary students and others participated in several ribbon cuttings on various playground equipment – including Julia Rood on the slide. Photos by Shawn Badgley

its first meeting of the 2013 to 2014 season Thursday, **September 19** with a welcome back luncheon. President Eileen Marum will give an overview of summer activities and unveil some outstanding programs for the coming year. "Barbara Brown and Judy Kennedy, program co-directors, worked diligently and secured a lineup of stimulating and thought-provoking speakers," Marum said. A program sampling includes a virtual trip to the Elephant Sanctuary in Tennessee, the nation's largest national habitat refuge developed specifically for Asian and African elephants; an opportunity to learn about a frantic and radiant North American raptor that hunts fish by diving to the water's surface from some 30 to 100 feet up and builds nests on high poles using sticks; and hear a research professor from Rutgers University and the Rutgers Institute of Marine and Coastal Sciences describe our wacky weather pattern and disappearing Arctic Sea Ice. A woman of great passion and enthusiasm, she has a boundless thirst for offshore adventure and has achieved the badge of honor among sailors – circumnavigating the world in a sailboat.

The MWC is a great way to make new friends if you have recently relocated to this exquisite seaside community or have a general interest in Mattapoisett. "The club is dynamic and composed of many women with vastly different experiences, attitudes and education, making it well-suited and welcoming to new members," Marum said. ## SALOME'S STARS

**ARIES** (March 21 to April 19) With your Arian charm quotient at an almost all-time high this week, plus all the facts to back you up, you just might win over the last doubters to your proposal.

**TAURUS** (April 20 to May 20) You might be in line for that job change you applied for. But be advised that you could be called on to defend your qualifications against supporters of other applicants.

**GEMINI** (May 21 to June 20) Creating a new approach to an old idea is one way to get beyond that workplace impasse. No such problems in your personal life, where things continue to flow smoothly.

**CANCER** (June 21 to July 22) Be more forthcoming about your feelings concerning a proposed change either in your workplace or in your personal life. Your opinions are valuable. Don't keep them hidden.

**LEO** (July 23 to August 22) A changing situation in your life needs more patience than you appear to be willing to offer. Allowing it to develop at its own pace is the wisest course you can take at this time.

**VIRGO** (August 23 to September 22) With more stability in your life -- on both personal and professional levels -- this could be a good time to strengthen relationships with both friends and colleagues.

**LIBRA** (September 23 to October 22) People have always relied on your integrity not only to get the job done, but to get it done right. So don't be pressured by anyone into cutting corners to save time.

**SCORPIO** (October 23 to November 21) While others might get rattled over unexpected changes, your ability to adapt calmly and competently helps you make a positive impression during a crucial period.

**SAGITTARIUS** (November 22 to December 21) A changing environment might be daunting for some, but the adventurous Sagittarian takes it all in stride. A friend from the past could awaken some meaningful memories.

**CAPRICORN** (December 22 to January 19) With your self-assurance rising to full strength, the bold Goat should feel confident about opening up to new ventures as well as new relationships.

**AQUARIUS** (January 20 to February 18) Reaching out to someone who has been unkind to you might not be easy. But in the long run it will prove to have been the right thing to do. A friend offers moral support.

**PISCES** (February 19 to March 20) Your keen insight once again helps you work through a seemingly insoluble problem in your workplace. The weekend offers a good chance to develop new relationships.

**BORN THIS WEEK:** You have a knack for finding details that others would overlook. You would make a fine research scientist.

"New England Shores" and "Remembrance - the Pink Chair Project," by Georgetown, Mass. artist Lynne Schulte, will be shown at the Marion Art Center from **October 4 to November 15**. The Marion Art Center is located at 80 Pleasant (the corner of Pleasant and Main Streets) in Marion. A reception honoring the artist will be hosted by Art Center members and their guests on Friday, **October 4** from 6:00 to 8:00 pm.

"New England Shores," showing in the Cecil Clark Davis Gallery, is an exhibition of oil paintings of coastal images from the shores of Massachusetts and Maine. They range from artifacts of the working waterfront or seaside parks to images that show the pure beauty of sea and sky.

"Remembrance - the Pink Chair Project," which

will be installed in the Patsy Francis Gallery, is a love story and celebrates the memory of Lynne Schulte's mother in moving and beautiful images. Lynne sensed her mother's presence while painting an Adirondack chair of her mother's favorite color - bright, knock-your-socks-off pink. After the initial surprise of that experience, Lynne began placing the chair into various locations that had special meaning to the artist or her mother. In this way, the artist has created a cohesive body of work that shines both as individual paintings and as a sensitive and powerful grouping.

Each pink chair painting has a story. As she painted, Lynne understood more about her mother, about her relationship with her mother, and herself. These

is currently traveling and will have future stops in Marblehead Public Library (Dec 2013/Jan 2014), Provident Bank, Amesbury (March/April 2014), Lark Rising Gallery, Rockport (May 2014), and will have its final showing at the Exeter, New Hampshire Hospital in June/August 2014.

Both plein aire and studio oil paintings of Lynne's have their beginning in an observed object or setting, either from nature or the built environment, and are concerned with place and narrative. Paintings speak of a one-time experience or coalesce into a series of connected stories. Through all, the artist responds to the transforming power of the light and to the internal energies of nature.

The Marion Art Center, a nonprofit organization, is open to the public and there is no charge for admittance. Gallery Hours: Tuesday through Friday from 1:00 to 5:00 pm and Saturdays from 10:00 am to 2:00 pm. successful First Annual Clam Boil held at Shipyard Park in July. The boil was strongly supported by the residents of our town and definitely should become an annual event for the post.

Our next event will be the Annual Veteran's Day observance held at Old Hammondtown School on November 11 of each year. Plans are in place and we hope for the usual strong turnout by our supporters.

The last item will cover the furnace project that, thanks to several donations and the success of the boil, is within \$1,000 of our \$4,900 goal. A date for the installation, preferably in early October, will also be discussed.

As usual, our hall is available for rental and is perfect for weddings and baby showers, as well as any gathering of up to 75 guests. The meetings are always brief and to the point. Please make every effort to attend and please bring your caps. Information on the meetings, programs and hall rentals may be obtained by calling 508-758-9311.

• Café Parlez's selection for September is *Wonder* by R.J. Palacio. Auggie Pullman was born with a facial deformity that prevented him from going to a mainstream school. But now he's about to enter fifth grade at Beecher Prep. Auggie's an ordinary kid with an extraordinary face. Can he convince his classmates that he's just like them, despite his appearance? This book delves into bullying, acceptance of those with differences, and society's notion of what makes a person "beautiful." We will be discussing this book on Thursday, **September 26** at 6:30 pm. Books are available at the desk, or bring your own copy. Café Parlez is sponsored by the Friends of Plumb Library.

while helping to keep it clean and healthy.

The Watershed Ride draws many different participants, including families, serious cyclists and casual riders seeking a new fitness challenge. Cyclists ages 12 and over are welcome to sign up. All funds raised from the Watershed Ride will support the Coalition's work to restore clean water, conserve natural lands and engage the community in protecting Buzzards Bay.

Participants can choose between two picturesque routes: a 75-mile course that begins at Westport's Horseneck Beach State Reservation or a 35-mile option that begins at Eastover Farm in Rochester, both finishing at Quissett Harbor in Woods Hole. Along the way, riders will enjoy scenic views of Southeastern Massachusetts' beaches, harbors, rivers, farms and forests awash in the colors of early fall.

With a lunch stop, water and snack stations along the course, and on-the-road repair technicians available at call, riders can feel confident that the course is safe and fully supported. At the finish line, the 150-plus riders will be greeted by a crowd of cheering supporters and a celebration with food, drinks and live music by The Dancing Dogs.

So pump up your tires, strap on your helmet and start training! The Buzzards Bay Watershed Ride is a little more than a month away. To learn more about the Watershed Ride, register as a cyclist or sign up to volunteer, visit [www.savebuzzardsbay.org/](http://www.savebuzzardsbay.org/)

### Classic Film Friday

On Friday, **September 13**, the public is invited to enjoy the season premiere of the Sippican Historical Society and Marion Council on Aging's popular program, Classic Film Friday. One Friday each month, the organizations will present a classic movie and offer a discussion on its historical context or significance. September's selection is *Twelve Angry Men*, a tense courtroom drama about one juror determined to sway the opinions of eleven others. Nominated for three Oscars including Best Picture, the film's stellar cast features Henry Fonda, Lee J. Cobb, Ed Begley, Martin Balsam, E.G.

## Amber Waves

Atticus Finch steps from the pages of *To Kill a Mockingbird* and brings to life the tragedy and triumph of Harper Lee's classic novel.

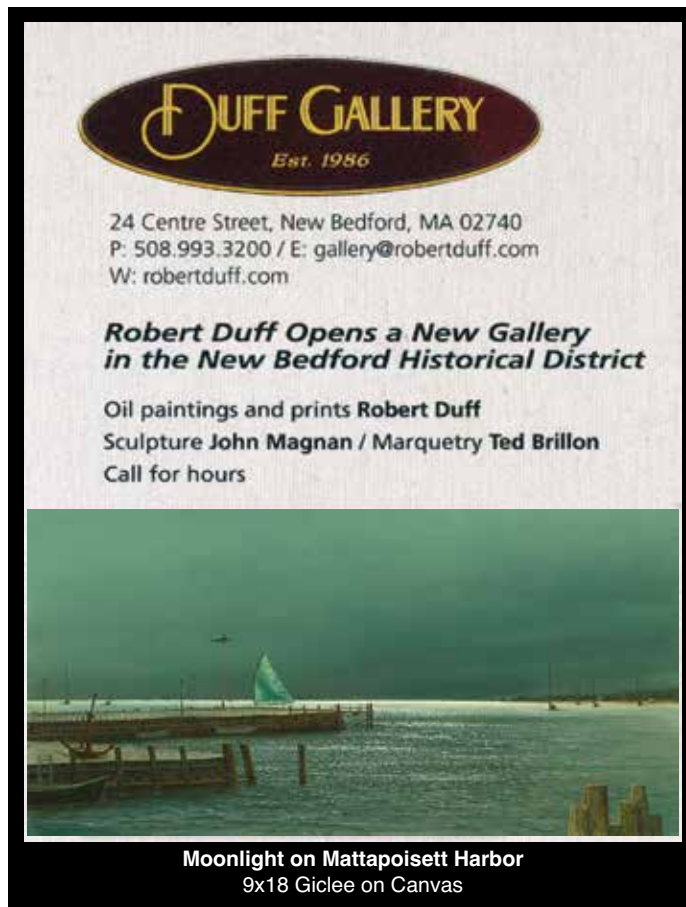

As a loving father, compassionate friend and uncompromising attorney, Atticus represents the divine spark in the human spirit as he leads a cast of other unlikely heroes in the story. The courtroom drama, the poignant interactions between father and children, the harsh realities of bigotry and hatred blend to make this a compelling theatrical event. The time is 1930s Alabama, but the enduring truth is for now and always.

Richard Clark has spent over 30 years in New England Regional theater and New York Theater. He is a graduate of Clark University and has studied at the American Academy of Dramatic Art, The Actor's Connection and the Actor's Loft in New York. His shows are based on biographies, autobiographies, personal letters, books and works of various playwrights. In the past, he has portrayed Shakespeare, Barrymore, Carnegie and Mark Twain here at the library to great acclaim. His website is [www.darrowactor.wordpress.com](http://www.darrowactor.wordpress.com).

## PET PICK

My name is Two. Yes, Two. I have lived in Mattapoisett  
most of my life. I will be fourteen years old September 9th.  
I love tummy rubs and watching birds outside. I enjoy being  
held, but on my terms. The only good food to eat is seafood.  
Thunderstorms are fun to watch. Mattapoisett is a great place  
to live.

Each week we will showcase pets from our readers and the stories  
behind them. Send in your pet pictures and stories so we can share them  
with all our readers. By Email: [support@wanderer.com](mailto:support@wanderer.com) • By Mail: P.O.  
Box 102, Mattapoisett, MA 02739 • Or stop by in person: 55 County Road

by the bite of an infected mosquito. The mosquitoes that carry this virus are common throughout the state, and are found in urban as well as more rural areas. While WNV can infect people of all ages, people over the age of 50 are at a higher risk for severe infection.

By taking a few commonsense precautions, people can help to protect themselves and their loved ones:

Avoid mosquito bites:

**Be aware of peak mosquito hours.** The hours from dusk to dawn are peak biting times for many mosquitoes. Consider rescheduling outdoor activities that occur during the evening or early morning. If you are outdoors at any time and notice mosquitoes around you, take steps to avoid being bitten by moving indoors, covering up and/or wearing repellent.

**Clothing can help reduce mosquito bites.** Wear long sleeves, long pants and socks when outdoors to keep mosquitoes away from your skin.

**Apply insect repellent when you go outdoors.** Use insect repellent with DEET, permethrin, picaridin or oil of lemon eucalyptus according to the instructions on the product label.

Mosquito-proof your home:

**Drain standing water around your house.** Many mosquitoes lay their eggs in standing water. Limit the number of places around your home for mosquitoes to breed by either draining or getting rid of items that hold water.

**Install or repair screens.** Some mosquitoes like to come indoors. Keep them outside by having tightly fitted screens on all of your windows and doors.

### Most Valuable Student Scholarship

The Massachusetts Elks Association is pleased to announce its 2013-2014 academic year Most Valuable Student Scholarship program sponsored by the Elks National Foundation. Last year, Massachusetts was honored to have one of its students receive the National First-Place award of \$60,000 (\$15,000/year). The recipient of the prestigious award was Anish Athalye through the Worcester Lodge of Elks, #243. Anish will be attending

MIT in the fall and we wish him well in his endeavors.

Through the Most Valuable Student Scholarship program, established in 1933, the Elks National Foundation has helped thousands of students who need financial assistance to fulfill their dreams of attending college. MVS scholars are outstanding students who are at or near the top of their class, active in school and community activities, and recognized as leaders by their peers. Students will be judged on scholarship, leadership and financial need and the award is available to any high school senior who is a U.S. Citizen.

The ENF awards \$2,440,000 annually in MVS scholarships to 500 high school seniors nationwide, (19 in Massachusetts). The first- and second-place awards are the largest scholarships provided by any major fraternal or service organization.

Male and Female students compete separately for identical awards. Below is a chart of the national awards.

- 2 First-Place Awards of \$50,000 (\$12,500/year)
- 2 Second-Place Awards of \$40,000 (\$10,000/year)
- 2 Third-Place Awards of \$30,000 (\$7,500/year)
- 14 Fourth-Place Awards of \$20,000 (\$5,000/year)
- 480 Runners-Up Awards of \$4,000 (\$1,000/year)

Massachusetts also has a total of 72 one-time \$800 awards. Last year, the Massachusetts Elks Association granted a total of \$197,600 to graduating seniors through

### **Revolutionary War Encampment at Fort Phoenix**

In September 1778 during the Revolutionary War, about 4,000 British soldiers who landed from 36 transport ships attacked the four villages situated on the Acushnet River. During the raid, houses, ships and business places in New Bedford, Acushnet and Fairhaven were ransacked and burned. The fort at Nolscot Point in Fairhaven, now called Fort Phoenix, was destroyed by British troops. It took years for the local waterfront industries to recover from the raid.

On Saturday and Sunday, **September 21 and 22**, members of the Fairhaven Village Militia and will once again recall the days of the British attack during a weekend encampment at Fort Phoenix. Men, women and children dressed in period clothing will re-enact life in 1778 and talk about the history of the fort. They will also be demonstrating campfire cooking, musket ball casting, military drilling, loading and firing flintlock muskets and rifles, cannon firing, colonial handcrafts, 18th-century dentistry and medicine, and more. Visitors may try their hand at tomahawk throwing and children's games of the period.

The highlight of the weekend will be the firing of the fort's five cannons, scheduled for dusk, about 6:30 pm, on Saturday. When fired near sundown, the cannons' plumes of flames and smoke make a spectacular sight.

The Fairhaven Village Militia, which is sponsoring the event along with the Fairhaven Office of Tourism, is made up of members who are interested in the local history of the Revolutionary War period. They hold historical encampments in Fairhaven and nearby communities and host educational programs. The group's commander, Ellsworth Sylvaria, Jr., is a descendant of Bartholomew West, whose home was burned by the British in 1778. The group includes individuals and families from Fairhaven and surrounding communities.

"We have been holding September encampments at Fort Phoenix since 2003," says Tourism Director Christopher Richard. "A few years ago, we started holding them in the spring, as well. Since we began our programs at the fort, thousands of people, including hundreds of school children, cruise ship passengers, visitors and local residents, have visited us at Fort Phoenix. They find our presentations are both educational and entertaining. The militia has also taken part in

events at Fort Taber in New Bedford, and has paraded and camped in surrounding communities during special events.

"This year some members of a British reenacting group, the 54th Regiment of Foot, have been invited to take part in the weekend activities at the fort.

"At the encampment, the group is depicting camp life during the Revolutionary War period. There will be regular demonstrations of musket firing and the firing of our own small cannon, but there will be no large-scale battle re-enactments."

Both the cannon firing and the overnight encampment will be cancelled in the event of rain. Weather permitting, the militia will be at the fort from 9:00 am Saturday until about 3:00 pm Sunday.

Members of the militia will also be holding a fundraising bake sale and selling t-shirts during the event.

**New Story Walk:** Families can take a stroll around the Mattapoisett Library's grounds and read a story together. A new Story Walk has been posted, just in time for back to school. The picture book "First Day Jitters" is written by Julie Danneberg. Follow each page around the property and leave your comment in the mailbox at the end. A fun book to read together, even when the library is closed.

**Fall Story Times:** Registration for the fall toddler and preschool story times begins the week of **September 17**. The toddler group (children who are 2 years old) will meet on Tuesdays from 10:30 to 11:00 am, beginning **October 1** for 8 weeks. The last session is November 19. Children and a family adult will join with the librarian for stories, finger plays and songs.

The preschool story times for children 3-5 years old will be held Thursdays from 1:00 to 1:45 pm and Fridays 10:30 to 11:15 am. Parents may register their child by phone or in person for one of the sessions. Children will sit with the librarian for stories, finger plays, and songs, and the family adult joins them afterward to make a simple craft project. Story times begin on **October 3** and 4 and continue for 8 weeks, ending on November 22nd and 23rd.

more at beginning, intermediate and advanced levels. Need to improve your skills with Excel for work or school? Want to try Garage Band? This is a great way to do so in a way that fits your schedule. Visit the library's website [www.mattapoisettlibrary.org](http://www.mattapoisettlibrary.org) and click on the Atomic Training logo on the left side of the home page to set up your free account to access all the available training.

**Writer's Group:** The next meetings of the Writer's Group will be Wednesday, **September 18** from 6:30 to 8:00 pm. Writers of all genres are welcome to read and discuss their work in a supportive, casual get-together.

### Rochester Women's Club

The Rochester Women's Club would like to invite all who are interested to attend our next meeting on **September 15**.

Our guest for the evening will be Naomi Arenberg. Naomi has worked as a public radio host (WGBH radio), a reporter, and as a storyteller and singer.

She will be singing and sharing stories of her work and life. The regular business meeting of the club will be at 6:30 pm, and the guest speaker will begin at 7:00 pm.

Please come join us for an enjoyable evening!

### Healing Little Hearts Columbus Day 5K

On Monday, **October 14**, Healing little Hearts will hold its first annual 5K and Fun Run to benefit pediatric heart research at Boston Children's Hospital. The race begins and ends at Center School in Mattapoisett, where a 9:30 am start is scheduled for the Kids' Fun Run, and 10:00 am for the 5K. The route will bring runners through Mattapoisett Village, along the waterfront, and around Ned's Point Lighthouse.

## I Found the Aardvark!

Each week, hidden somewhere in the pages of *The Wanderer* is a tiny drawing of an aardvark. The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

Once you find the aardvark you can submit your answer online and if you are right you will get Aardvark Points! You can then use these points to get cool Aardvark Prizes!

To enter visit: [www.wanderer.com](http://www.wanderer.com) and Click on *I Found the Aardvark*  
In the September 5, 2013 issue the Aardvark was on page 70!
